**Summary of their experience**

Great company. Very fair pricing after comparing with other companies. The inspection was thorough and I had a full report in less than 24 hours. The report was extremely detailed and they provided plenty of pictures to support their findings. Staff was very friendly and professional. I don't normally write reviews but they are worth telling other people about.

Pleasure dealing with this company! They are very knowledgeable, professional and thorough. The final report is done in one day and details everything about the home with pictures. We were very impressed! If you are looking to purchase a home you should definitely call Sherlock Home Inspections.

### Summary of their experience

We highly recommend this company. We are first time home buyers and used them to inspect our new home. The staff was very professional, thorough, honest, and fair. They provided us with a ton of useful/helpful information and answered all of our questions. They also provided us with some great recommendations for businesses we can use to make repairs. We are very impressed with this company and will use them again in the future when the opportunity presents itself.

I highly recommend Sherlock Home Inspections. In my home search I had done a privies inspection and the gentleman missed very obvious items. He charged less and up-sold item that were not needed because of the age of the home. Sherlock Home Inspections only sold me the inspection and explained why I didn't need the wind mitigation done. I spoke to the other inspector on this home and he once again tried to sell me the wind inspection. Sherlock is honest and ethical and I will recommend them to anyone. Sherlock Home Inspections did a excellent job noting deficiencies and the good items in the home. The report was clear and easy to read with plenty of pictures.

We are living in Connecticut and buying a home in Naples Florida and we were not able to be there when the home inspection was done. At the end of the inspection Chris called us to give us a summary for the results and as promised we had the inspection report in our email inbox the next morning. Everyone we dealt with, Todd, Chris, and Josh were very courteous and knowledgeable. Chris performed the inspection and we had to call him several times to answer questions and he was always able to answer quickly and alleviate any concerns we had. We will definitely recommend them to anyone looking for a home inspection in the Naples FL area and will use them again when we need home inspections.

I would recommend SH to anyone who wants a fair, balanced and reasonably priced inspection. They showed up on time and didn't leave until a thorough inspection was completed to our satisfaction.

Superb service and communication. The inspection was thorough including looking for tell tell signs of Chinese drywall. As an out of state purchaser I appreciated their use of technology to make the scheduling, follow up, verification of inspections (WDO pest control, sea wall, dock, irrigation system, etc), and delivery of the report seamless. Their pricing is reasonable and lower than many competitors for the comprehensive detail covered in the report accompanied with a lot of supporting photos. I would recommend this company to ANYONE! Our inspection was performed May 30, 2013 and aided us in negotiating some credits/remedies for repairs/updates to us from the seller.
